Process:

According to your demands or drawing ,we could process and make different sizes and models of slates . The quality of slate in our factory is quite good ,also we could offer you the best price .You can choose the models as follows :

1.Flooring/Tile/Paving

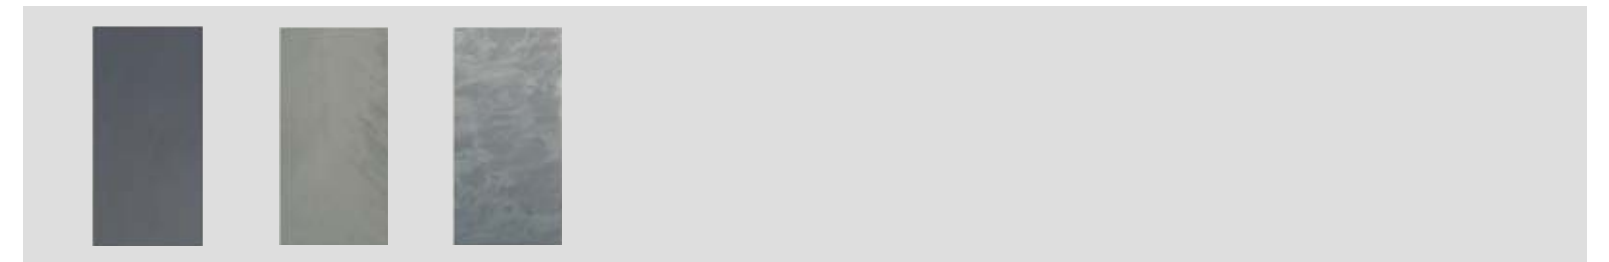

A:N/N (Two sides natural)

B:N/C(One side natural ,the other side calibrated).

C:H/C(One side honed ,the other side calibrated).

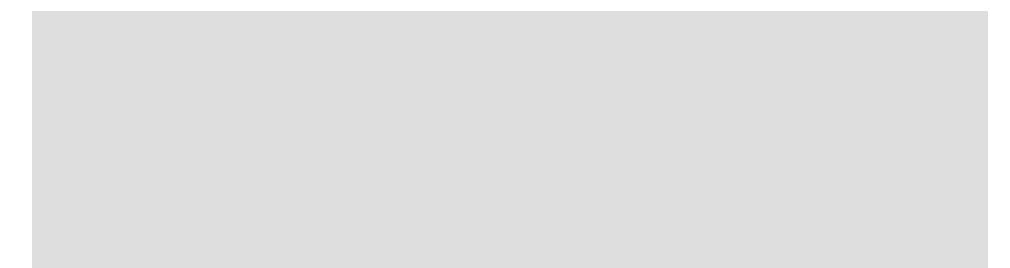

2.Step

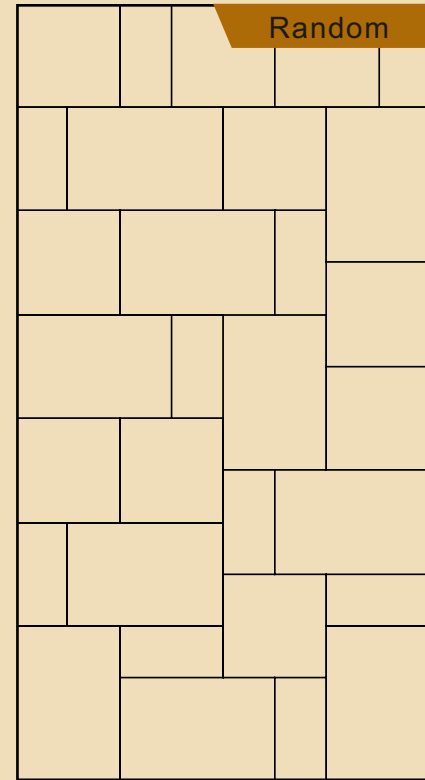

- A:One side natural,the other side calibrated, four edges machine cut
- B:One side natural, the other side calibrated, three edges machine cut,one edge bull nose
- C:One side honed, the other side calibrated, four edges machine cut
- D:One side honed,the other side calibrated, three edges machine cut,one edge bull nose

3.Slab

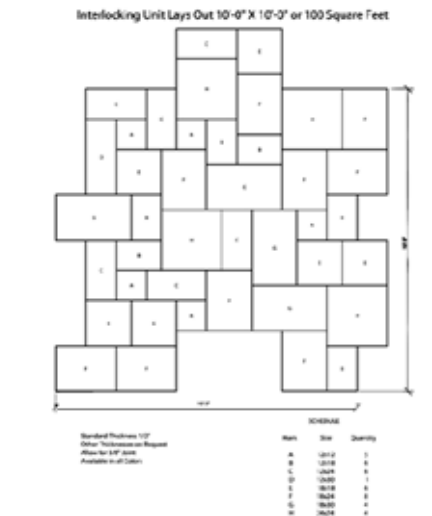

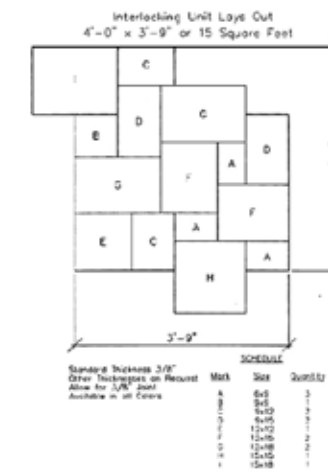

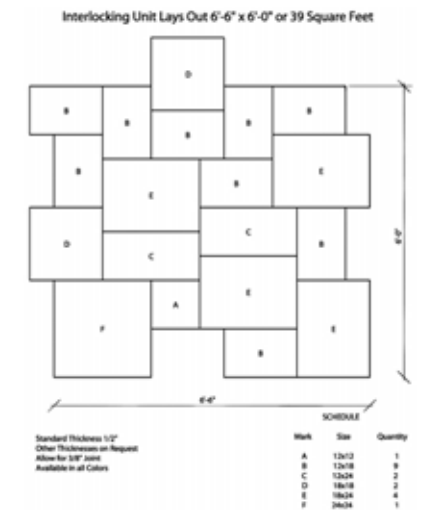

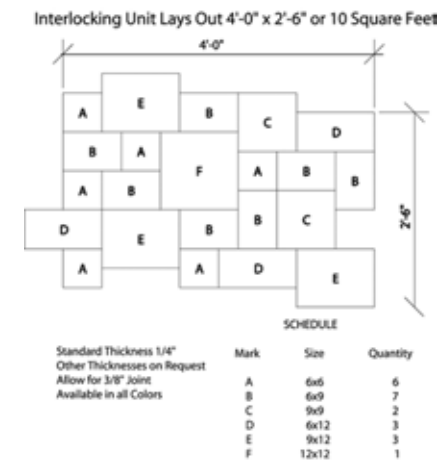

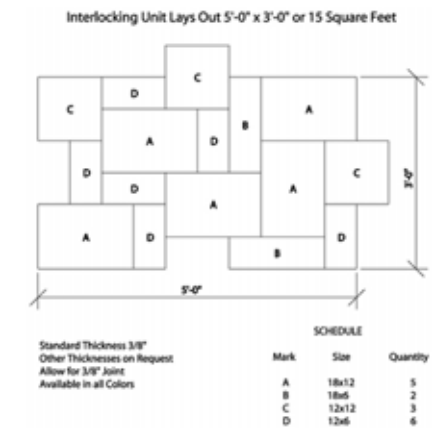

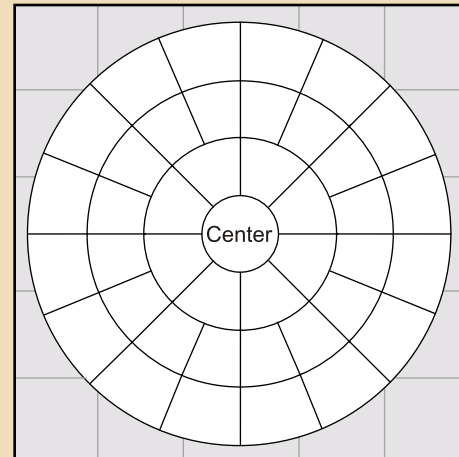

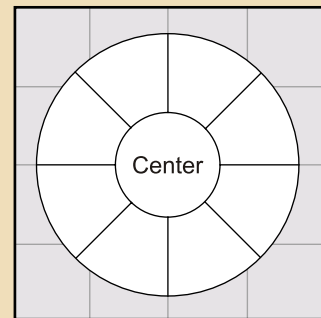

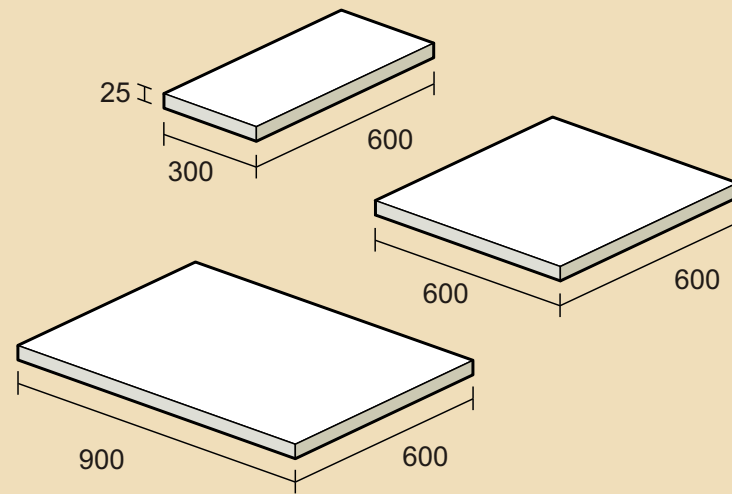

Installation:

Available in three colors-Rusty, Dark Gray (black) and Green, The slabs can be purchased in a mixed crate pack, made up of the following:

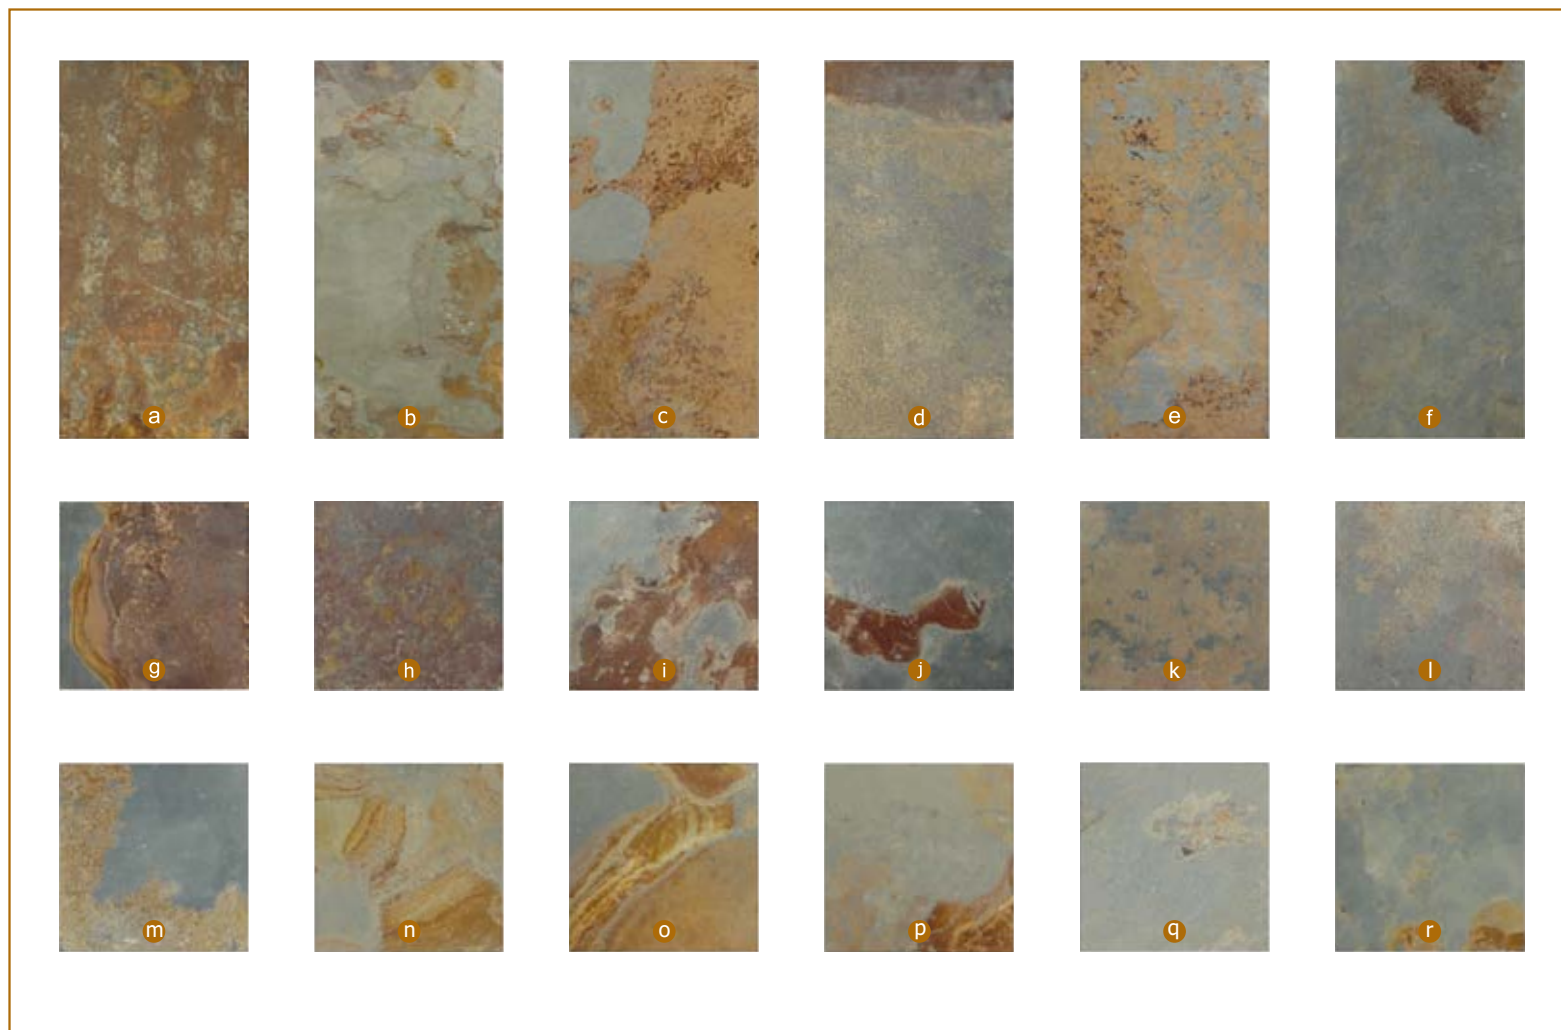

- 10 slabs at 900x600mm
- 10 slabs at 600x600mm
- 10 slabs at 600x300mm

Flooring(Paving)Stone

NO:JZS-1120(S1120)

- Quarry/Producing Area: Baoding, Hebei
- Color: Rusty, Multicolor

Semi-manufactured S1120 after machine cut without split

Calibrated S1120

S1120 Quarry

Regular Products:

1. Flooring/Tile/Paving

A: N/N (Two sides natural)

B: N/C (One side natural, the other side calibrated)

Weight (SQM. /1000KG)	Thickness of N/N			Thickness of N/C			
	10-15mm	15-20mm	20-25mm	10-12mm	12-14mm	14-16mm	18-20mm
300*300	29	22	17	32	27	23	18
300*600	27	21	16		27	23	18
400*400	27	21	16		27	23	18
400*600	25	19	15		27	23	18

Remarks: (1). The largest size is 1000*1500

(2). Can't be honed and polished

(3). The producing capability of low season (February, March and April) is 3000-5000 SQM of 10mm slate, while the midseason is 5000-8000 SQM of each single item. It reduces according to the thickness adding.

N/N S1120
300X600X10-15mm

N/N S1120
300X600X20-25mm

N/C S1120
300X600X12-14mm

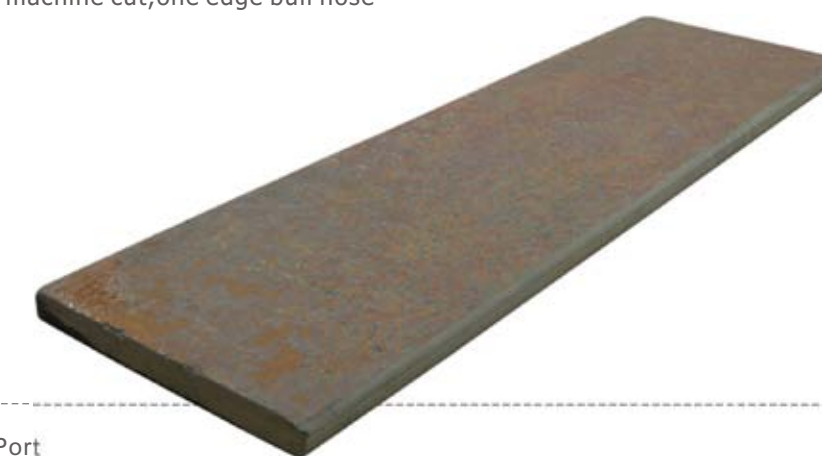

N/C S1120
Packed by carton plus crate

2. Step

A: One side natural, the other side calibrated, four edges machine cut

B: One side natural, the other side calibrated, three edges machine cut, one edge bull nose

Weight(KG/PC)	Thickness of N/C		
	20mm	25mm	30mm
350*1200	23	30	37
